P R E F A C E .

IN presenting our patrons and the public with this our second edition of the Indianapolis City Directory, the publishers desire to acknowledge their appreciation of the liberality, enterprise and public spirit of those gentlemen who have given their support to the undertaking. It is hoped the book may meet their expectations, and it is confidently believed that in fullness, accuracy of detail, and convenience of arrangement this volume far excels all its predecessor. Certain it is that no pains have been spared either in the compilation or the mechanical department to insure the highest degree of excellence and utility.

In the present fluctuating condition of our population, perfection is perhaps impossible, and for such occasional omissions or inaccuracies as may have crept in, we ask the indulgence of a generous public. To those parties who lacked the courtesy to give their names and the necessary information to our agents of course no explanation is necessary. In justice to ourselves we feel compelled to add that we have reason to believe that a few families purposely withheld the true and proper information on account of their apprehension of the approaching enrollment, (mistaking our agents for the enrolling officers,) ; but it is believed that errors and omissions from this cause are comparatively few and unimportant, and are confined of course to the lowest class of our population.

To those gentlemen who have assisted us in procuring statistical and other information, and to the gentlemen of the press, we would extend many thanks.

Respectfully,

H. H. BODD & CO.

INDIANAPOLIS, June 12, 1862.

Family Sewing
MACHINE,

WITH ALL THE NEW IMPROVEMENTS,

Hemmer, Braider, Binder, Feller, Tucker, Corder, Gatherer,

IS THE CHEAPEST, AND BEST,

And most beautiful of all Machines for Family Sewing and Light Manufacturing Purposes. It makes the

Which is alike on both sides, and has great capacity for Sewing all kinds of Cloth, and with all kinds of Thread. Even Leather, as well as the finest Muslin, may be sewn to perfection on this Machine. It will use 200 Spool Cotton as well as No. 30 Linen Thread. What it can do can only be known by seeing the Machine tested.

THE FOLDING TOP CASE,

*Bryant's
Commercial College*

INDIANAPOLIS, IND.

OPEN DAY AND NIGHT,

**For the reception of Scholars in either Department,
Over the American Express Office.**

The studies of this well-known School, embracing everything necessary for the Practical Accountant, Business Man, or Teacher of Penmanship, are so arranged that the student can take any number of them, omitting the balance; paying for only what he gets.

By the use of our "New Chart of Double-Entry Bookkeeping," which none but us have the right of using, and sundry other facilities, not found otherwise, we can and will make thorough Penmen in less time than we have heretofore, or than can be done in any other western school, while our charge for tuition is less than that of any other school that has ever made an Accountant, or in which the same branches are taught.

THOS. J. BRYANT, President.

WE REFER TO OUR GRADUATES & THEIR EMPLOYERS.

COURSE OF STUDIES.

BUSINESS PENMANSHIP,

For which we have been awarded the First Premium for many years at State Fairs.

Business Arithmetic, Bookkeeping by Double Entry,

Illustrated daily by Lectures and Recitations, rendering the Student familiar with its application to every kind of business.

Business Correspondence, Detection of Counterfeit Money, Ornamental Penmanship, Flourishes and Pen Drawing, embracing every kind of Pen Work taught in America, of which we have the largest and finest lot of specimens to be found.

LECTURES

Are delivered before the Students of this School on **Political Economy, Commercial Usages and Commercial Law,** fully explaining Contracts, Agency, Partnership, and all kinds of Business Papers.

GLENN'S' BLOCK,

This new and elegant block, erected and owned by Wm. Glenn and H. Glenn, is situated on the south side of Washington, between Meridian and Pennsylvania streets, occupying the site of the old Browning Hotel, afterwards called the Wright House. It is three and a half stories high, being 68 feet front on Washington street, and extending back to Pearl street, containing three store rooms and eight offices; the side stores are $17\frac{1}{2}$ feet wide and 132 feet deep. The center store, known as the THE NEW YORK STORE, is occupied by the proprietors of the block, W. & H. Glenn, and is $32\frac{1}{2}$ feet in width by 132 feet in depth. This store is the mammoth dry goods establishment of the State. The offices are occupied by the city authorities, namely: His Honor the Mayor, City Treasurer, City Clerk, Civil Engineer, Street Commissioner, Chief Fire Engineer, City Attorney, City Marshal and Police, with a chamber for the meetings of the City Council. Store south of entrance in American Alley, is occupied by the Cincinnati Gas Fitting Co. One store, (that on the east,) is occupied by Merrill & Co., dealers in law books, stationery &c. The one on the west side is occupied as a shoe store by Chase & Dawes. The appearance of this block is very attractive, chaste and elegant, without a fault, and is an ornament to our main street. It was re-built at a cost to the Messrs. Glenn of forty-five thousand dollars.

THE SOLDIERS' HOME.

In June Capt. Ekin contracted for the Hall now used as the sleeping apartment, and other necessary structures, and all were completed and ready for the reception of soldiers on the 25th of July following. Subsequently it was found necessary to have much more room, a dining hall and other buildings, and the authority was obtained from Washington to go on with the good work. A dining hall was accordingly erected—250 feet long, 24 feet wide and one story high, running parallel with the hall erected before. Also, other buildings and wings to the main one, for commissary and other departments.

The Home is situated in a beautiful grove—a beautiful site selected by Gov. Morton and Capt. Ekin. It is within two hundred yards of White River, two squares south of Washington Street, and a few rods north of the Terre Haute Rail Road. Properly it is divided into two departments, the Soldiers' Home and City Barracks—the latter being the quarters of the 2d battalion of the 63d Regiment, doing duty as Provost Guard. The chief officer, Capt. Frank Wilcox, is commandant and Provost Marshal of the city; Capt. H. Tindall being in command of the

Jencks' Patent Hemmer used only by the Florence.

Battalion or City Barracks. In addition to the Home and Barracks, there is a large guard house used for the confinement of deserters, awaiting trial, and for the punishment of sundry misdemeanors.

The long building which constitutes the sleeping apartment is furnished with 150 beds, which can accommodate 300 men. The room or hall is well ventilated, and under the direction and care of Mr. Geo. Deaver, steward, is kept scrupulously neat and clean.

The following is a list of the Home and Battalion of the 63d:

Capt. Frank Wilcox, Commandant and Provost Marshal.

Capt. H. Tindall, commanding Battalion.

Lieut. Conner, Acting Adjutant.

Dr. P. H. Jameson, Surgeon in charge.

Dr. J. L. F. Garrison, Acting Assistant Surgeon.

Geo. W. Deaver, Steward.

Oscar Prather, Ward Master.

G. W. Ross, Assistant Ward Master.

Co. E—Lieut. Birch, commanding.

Co. I—Lieut. Hunt, commanding.

Co. G—Capt. Holloway.

Self adjusting Clothes Wringer

Transfers 160 pounds pressure from the muscles of the washerwoman to Vulcanized India Rubber Rollers, by lever pressure, adjusted to any required resistance, by India Rubber bands instead of metallic springs and screws, avoiding all loss of time, and injury to clothes from iron rust, or any violence to the finest fabric, which very often by hand wringing occurs; doing more work better, in less time, by a child 12 years old, than two stout women can do without it. The public are invited to try it; it tells its own story better than any body can tell it in hand-bills or certificates. I have the sole right of sale for the Central and Western District of the State of Indiana.
